PINCHOT HEADS NATIONAL SOCIETY

EX-FORESTER ANNOUNCES HIS
ELECTION AS PRESIDENT
OF CONSERVATIONISTS

NOT A POLITICAL QUESTION

Succeeds Dr. C. W. Elliot and Will
Take Charge—Headquarters to
Be at Washington—Warm
Campaign.

Washington, Jan. 24.—Declaring
that conservation of natural resources
is not a political question, Gifford
Pinchot, who was ousted as
Chief Forester of the United States
by the President, announced his election
as president of the National
Conservation Association.

He succeeds Dr. Chas. W. Elliot,
president emeritus of Harvard University,
who has been at the head
of the association since its inception
last July.

Mr. Pinchot says he will take active
charge tomorrow morning. His
headquarters will be in Washington,
according to the statement which Mr.
Pinchot issued tonight. Dr. Elliot, who
will remain as honorary president of
the association, wrote two weeks ago

to the executive committee asking
that they elect Mr. Pinchot, "the
recognized head of the conservation
movement." Dr. Elliot also wrote to
Mr. Pinchot suggesting that he accept
the place. At the direction of
Dr. Elliot a meeting of the committee
was held and Mr. Pinchot elected.

The National Conservation Association
was founded last July at Cambridge,
Mass., under the auspices of
Dr. Elliot. Its purpose is to carry into
practical effect the conservation
ideas that were advanced at the conference
of the Governors in Washington
at the end of the Roosevelt Administration.

WASHINGTON IS SURPRISED

Government Regrets England and
France Decline to Endorse

Washington, Jan. 24.—The reports
from Paris that both England and
France would withhold their endorsement
of Secretary Root's plan for the
neutralization of the Manchurian
railroads was received at the State
Department with much surprise and
regret. No official announcement
of such contemplated action had
been received here and the hope
was expressed that the declaration
may yet be found at least conditional.
The strongest hope was expressed
that in any event the Powers would
give their assent to Mr. Knox's
alternative proposition for the neutralization
of the proposed Chin Chow
Fu-Tsitsihar-Aigun road.

The construction of this road is
deemed of the highest importance in
the scheme of developing the western
part of Manchuria and Eastern
Mongolia, and from the American
standpoint, it was stated there could
be no valid objection either to its
construction or its neutralization.

LIQUOR CONCERN WINS SUIT

Temporary Injunction Commands
Railway to Carry Shipments

Kansas City, Mo., Jan. 24.—A temporary
injunction was granted by Judge
John Phillips of the United States
Circuit Court enjoining the Missouri,
Kansas and Texas railroad from
refusing to take liquor shipments
consigned to Oklahoma and
Kansas. The suit was brought by
the Harvest King Distilling Company
of Kansas City.

The decision of Judge Phillips is a
victory for the liquor dealers. The
Missouri, Kansas and Texas railroad
issued an order several months ago
refusing to take liquor packages
consigned to the two prohibition states
in its territory, Oklahoma and
Kansas. A restraining order was issued.
The hearing today was on this
restraining order.

THOROUGH MEAT INVESTIGATION

EVERYBODY READY FOR MEETING
OF THE FEDERAL
GRAND JURY

ALL BIG PACKERS PRESENT

Armour Makes Statement In Which
He Says Existing Co-Operation
Benefits the Public—Packers
Ready.

Chicago, Ill., Jan. 24.—With the
heads of all big packing houses gathered
here and attorneys arrayed on
each side, the Government's investigation
of the dressed meat industry is
expected to be ready for action
when the Federal Grand Jury convenes
today. Whether the price of meat
is artificially kept high is the
contention.

Subpoenas will bring witnesses
from all departments of the packing
house business for the inquiry, which,
it is promised, will surpass all former
attempts for thoroughness.

The packers are ready for combat.
"All I have got to say is that such
co-operation as may exist among
the packers is a benefit to the public
rather than the reverse," said J.
Ogden Armour.

Three lines of action outlined are:
Criminal proceedings for alleged
violation of the anti-trust law.

Civil action for the dissolution of
the National Packing Company.

Contempt proceedings for alleged
violation of Judge Grosscup's injunction
restraining packers from fixing
prices in restraint of trade.

Only entire new data obtained during
the several months will be utilized
by the government.

Much interest has been taken here
in the appointment of Charles B.
Morrison, special attorney to the
Attorney General, to a position of federal
master in chancery. Mr. Morrison
has been made thoroughly familiar
with the beef situation. A master
in chancery will be selected by the
court to take evidence if District
Attorney Sims files civil proceedings
against the packers. The question
has been asked, "Will Mr. Morrison
be selected to take the evidence?"

It is stated that the packers will
oppose him on the ground that his
previous experience has disqualified him.

TULSA TENDERED FRANCHISE

Is Asked to Join the Western Association.

Tulsa, Okla., Jan. 24.—The Western
Association, through its locating
committee has tendered Tulsa a
franchise in the league. It was asked
that the city provide a suitable
park and as two street car companies
have each promised to provide a
park there will be no deficiency along
this line. A meeting of baseball fans
has been called for Monday night
when steps will be taken to provide
funds for carrying a team successfully
through the season. In order to make
the season more profitable it is understood
the Western Association will open about
April 15 and close about the middle of
August, avoiding the hot and unprofitable
late summer season.

ARRANGES FOR ORE IMPORTATION

Output of Mexican Zinc Mine Will Be
Carried Across Rio Grande

Washington, Jan. 24.—Robert W.
Dowe, collector of customs for the
Eagle Pass district, was in Washington
to arrange for the transportation in
bond of the output of the zinc mine
in Mexico opposite Boquillas, Texas.
As a result of the arrangements made
the movements of ore to the Southern
Pacific railway station at Marathon
will begin at once. There are twenty-five
tons of lead-bearing zinc ore on the
dump at the mine which will be put
across the Rio Grande in baskets on a
cable six miles long and transported to
Marathon in cars hauled by traction
engines.

ADA NORMAL APPROPRIATION

A Law Limiting Pressure Per Inch
of Main Pipe Will Solve the
Problem of Retaining Gas
in the State.

Guthrie, Ok., Jan. 23.—When the
Ross resolution for investigation of
management and disbursement of
public moneys pending in the house
of representatives is presented for
adoption Monday morning a substitute
will probably be offered for the
appointment of a house committee
to prepare a bill of particulars,
showing just what departments or
officers it desires to probe. While the
democratic caucus voted on Friday
afternoon to pass the resolution the
representative from Comanche County
was subject to considerable criticism
for not having first submitted the
matter to a conference of the majority.
They regard it a sweeping accusation
against the entire state administration,
conceding that it should have been
specific in locating the supposed
violation of law and not, as they
put it, throw the mist of suspicion
over practically all of the state
departments.

The spirit of the members participating
in the caucus was, however, that
since the resolution was before the
body and prejudice in the public
prints the legislature could not
afford to ignore it.

Proposed Substitute.

Adoption of the proposed substitute
is being urged for the reason that
no question has arisen over some
of the departments, and to procure
a report before this session of the
legislature ends it will be necessary
to reduce the matter to a concrete
basis. It is planned to have the initial
committee inquire into such
charges as may be presented to it,
and if they are found to be of tangible
foundation, authorize another
committee, as contemplated in the
original resolution to proceed with
its probe. In other words, the first
committee will in effect be a "grand
jury and the second committee the
trial court. Under the plan talked of
tonight, Mr. Ross, presenting the
resolution, is not in Guthrie and no
one is able to state what portion of
the administration he had in mind.

Republicans who have repeatedly
rehearsed the so-called "indictments"
in their committee resolutions and
on the public platform will, according
to one of the leaders, support the
Ross resolution to a man. They
anticipate that in good faith the majority
will accord the minority one or two
places and are asked whether the
republican caucus will be permitted
to name them. They protest against
the democratic caucus doing this,
while democrats who have discussed
the situation refer to the congressional
precedent in naming the Ballinger
investigation committee, where the
democratic members were selected
by the republican organization.

Governor's Attitude.

Gov. Haskell has not discussed the
Ross resolution other than in conference
with his friends, and is reported as
not opposing the investigation.

Those close to the administration
insist that it desires treatment free
from any character of bias, and will
request that no democrat be named
on the committees who is known to
be personally hostile as indicated in
the governors message. The legislature
will probably be asked to give
legislation that will insure retention
of Oklahoma natural gas for use of
the people residing here, and a bill
to that end is being prepared. It will
likely follow the Indiana law, which
limits the amount of pressure per
square inch of main pipe, thus making
the carrying of gas a great distance
impracticable. Three hundred
pound pressure is sufficient, it is
estimated, to carry gas between six

ty and eighty miles, but to force it
beyond that distance it would require
numerous pumping stations, or the
building of several pipe lines, which
might make the venture too extravagant
for profit.

To Retain Natural Gas.

Assuming that the Federal court's
holding will make pending injunctions
permanent against the state it is
believed that much of the Oklahoma
field will be protected against
foreign consumption. However, fields
lying along the Kansas border would
not be materially protected by the
new law. Indiana's law limiting pressure
to one gas pipe, it is understood,
had been declared constitutional by
the supreme court of the United States.

Four of the institutions created at
the regular session of the legislature
are asking for additional appropriations
this year. The Girl's In-

dustrial school will ask for \$50,000
for maintenance, the Durant Normal
\$25,000 for equipment, the Ada
Normal \$80,000 for maintenance and
equipment and the Claremore school
\$38,000 which was the amount eliminated
from the bill a year ago. The
state penitentiary may ask for an additional
building appropriation.

Members of the legislature are
working with the idea of completing
the special session within three weeks
or a month from Jan. 20, but from
the amount of business gathering, the
session is more liable to last six
weeks.

JOHANNES COMET EXHIBITS SELF AGAIN

A LITTLE HIGHER IN WESTERN
SKY THAN BEFORE

Remains About Forty-Five Minutes
and Is Said to Be Brighter
Than Usual

The comet, which has been showing
for several nights and which has
been dubbed (up at Chicago) the "Jo-
hannesburg" comet, was in evidence
last evening brighter than ever. It
appeared in about the same location
as heretofore, being a little higher,
then lowering itself. It was first
seen about 6:15 and disappeared near
seven o'clock.

The following is what a noted as-
tronomer says about the comet.
Chicago, Ill., Jan. 24.—With a
pretty curved tail pointing defiantly
upward and a head larger than the
apparent size of Venus, the new Jo-
hannesburg comet, declared by fa-
vored astronomers, who saw it last
night, to be the most spectacular
celestial phenomenon in a quarter of
a century, is in the heavens above
Chicago for all to see.

"Yes, it was beautifully clear up
here last night," said Prof. Frost of
Yerkes Observatory, Williams Bay.
"The comet was a very noticeable
object in the western sky, and we ob-
served it for a full hour after sun-
set. Its tail was visible for a long
time after the head had disappeared.
"The comet's 'tail' is four degrees
in length, while the sun appears
about half a degree in diameter,
which makes the apparent length of
the tail about eight times the ap-
parent width of the sun. The tail
looks brighter than the head.

"There have been a great many
other comets visible to the naked
eye, but this is better situated for
popular observation than any other
that has appeared in a generation.
Many comets have been so close to
the sun as to be obscured, or so far
separated from it that they could be
seen only very late at night or early
in the morning. This comet is un-
usually bright, and is at its best as
soon after sunset as the light from
the sun has died away."

WAR ON MEAT IS SPREADING

SENATOR BRISTOW SAYS "RESO-
LUTIONS HAVE BEEN BEGUN
BY LESS SUFFERING."

WHOLE COUNTRY AFFECTED

Packers Say High Prices of Meats
Are Caused by High Prices of
Corn and Suggest Poor Eat
Cheap Cuts.

Washington, D. C., Jan. 24.—"Revo-
lutions have been started by less
than the American people are suffer-
ing now," says Senator Joseph L.
Bristow of Kansas. "Meat costs up to
a quarter of the average household
expenses and it ought to be cheaper
today instead of dearer than it was
25 years ago, because of the great-
er economy in its preparation and
sale. When I was a boy, 25 percent
of the carcass went to waste. Now,
nothing goes to waste—not even the
blood."

Senator Bristow's words crystallize
the sentiment of protest in all parts
of the country against the higher cost
of living. Thus far the movement,
which first took form in an actual
boycott at Cleveland, has met with
most success in the west. The east
has been slower to follow, influenced
perhaps by a widespread feeling
among small dealers, and in the la-
bor unions, that a universal boy-
cott, though effective as a protest,
would actually play into the hands
of the packers, who, with their con-
trol of cold storage houses and re-
frigerator lines, could carry their
product through a prolonged boycott
though a thirty-day cessation of
trade would put the small independ-
ents out of business.

Against public clamor, the pack-
ers reply that high prices for meats
are attributable to the high prices
of corn, and advocate that the poor
be educated to eat cheaper cuts.

"These cuts are just as good and
more wholesome if properly cooked,"
says Harold Swift, of Swift & Co.
"Prices are very high, but there is
every indication that they will go
higher."

Actual consumption of meat is re-
ported by retail dealers everywhere
to have dropped sharply.

OKLAHOMA DEATHS.

Guthrie, Ok., Jan. 23.—Col. C. R.
Buckner, aged 65 years, who served
in the Confederate army as captain
under Forrest's famous cavalry reg-
iment of Kentuckians, died here early
today, the result of a fall on the
ice three weeks ago. A native of Ken-
tucky, he practiced law after the war
in New Orleans, Fayetteville, Ark.,
San Antonio, Tex., and Guthrie. At
Fayetteville he married Miss Nannie
Walger, sister of United States Sen-
ator David Walker, who, with two
sons, survive him. Capt. Buckner was
the sixth generation of lawyers in
that family. He was a nephew of Gen.
Simon Bolivar Buckner.

Oklahoma City, Ok., Jan. 23.—J. J.

tion for the Patterson-Hurst Rail-
way interests of Oklahoma City, was
killed by a street car on Capitol Hill
today when the car collided with an
automobile in which Hickey was
riding.

Train Goes Into Ditch.

Lawton, Ok., Jan. 24.—The fast
Frisco merchandise train, "The Red
Ball," No. 435, went in the ditch by
having three cars and caboose thrown
from the track and badly smashed
near Odessa, four miles east of Snyder
Sunday.

The rear-end brakeman, Charlie M.
Martin, was caught in the midst of
the wreck and seriously injured by
having his face and head badly cut
entertained that his injuries may
and bruised in many places. Fear is
prove to be internal also.

MARTIN JULIAN PICKS JEFF TO WIN BATTLE

MANAGER OF FITZ TELLS WHY
NEGRO WILL LOSE

Says the Black Lacks Wailop and
Cannot Hurt the Retired
Champion.

Chicago, Ill., Jan. 24.—Martin Ju-
lian, brother-in-law and former mana-
ger of "Ruby Robert" Fitzsimmons,
who is now a retired business man
in Chicago, was finally induced to
discuss the coming battle between
Jeffries and Johnson, which he be-
lieves will be won by the white man.

When asked what he thought of
the coming championship bout, Ju-
lian said:

"Jeffries will win. I like Johnson.
He is a different man from what
many think him to be, but, you see,
I know just what kind of an old
bear cat this fellow Jeffries is, and
that is why I say what I do about
the result of the battle.

"Jeffries tells most people that he
will weigh about 225 pounds. Well,
then, he will be smaller than he ever
was when he fought Bob Fitzsimmons.
He goes twenty pounds more than
this. He is a mammoth in every way,
and that will play a lot in the re-
sult of the bout. If Jeff wins, and I
think that he will, the pictures of
the fight will be the most valuable
ever taken, and both men will be-
come rich as the result.

Few Can Come Back.

"Few men can come back. We
know that from the results of bouts
we see in the ring, but Jeffries will
be different from the rest of these
men. The left hand is the most use-
ful one the Californian has, but he
hits the harder with his right paw,
and if he clouts Johnson with it he
will win right there, for I don't think
that he ever let it go with all his
might.

"By the way, when they talk of
men pluck and grit, don't overlook
Jeffries, for Bob punchedured him-
self out hitting him, and we know that
Bob was one of the hardest hitters
in the world, and Jeff was almost
blind when Bob weakened and could
not defend himself and had to bow
to youth.

"Fitz will be 48 on his next birth-
day. I guess I am the only man in
the world who knows how old Bob is,
for he is peculiar about his age and
tells people he is much younger than
he really is. He was at his best when
he was 38, Bob is not broke, and
they won't have to give him any
benefits when he quits the stage,
where he is making good money. But
he is foolish to ever mar a
great record by fighting again, for
he is not near the wonderful man
he used to be when he was the
champion middleweight, light heavy-
weight and heavyweight. His battle
with Bill Lang proved that.

Cowboys As Protectors.

"When Fitz fought Corbett in Car-
son City, Nev., we had the quickest-
shooting cowboys in Texas to pro-
tect us, and this is about the first
time that has ever been told. You
can see them in the pictures of
the fight. They were syofn in by the
government of the state of Nevada,
and they wore their guns, and were
there to shoot if any one tried to
molest George Siler, who refereed
the fight. Siler had been threatened,
and when he told me I said I would
protect him, if he was honest, and I
did. It cost me a lot of money to
bring those men there, but it pre-

ented them from handing me a raw
deal, and think to this day that un-
less he gamblers knew that I was
going to kill to get a square deal
they would have flooded the ring
when Jim Corbett was losing that
fight, for they backed him to the
limit."

John Jerome, thea rical man, who
listened to the conversation, gave
some interesting views concerning
championship bouts.

I had Corbett playing with me
when he matched to meet Sullivan,
and Jerry Sullivan and I were about
the only two men in the town who
backed Corbett heavily to win. Then
I had Fitz when he was to fight Cor-
bett, and again I won many a fat
wager. Strange to say, Jeffries was
playing in my shows when he was
matched with Corbett and I backed
him to beat Fitz and won. Now Jack
Johnson is playing with me, but I
don't know just yet who I will back
to win the big fight."

BALLINGER'S INVESTIGATION

Special Committee Will Begin This
Week.

Washington, Jan. 24.—This week
will probably see the beginning of
the work by the joint special com-
mittee which has been named to in-
vestigate the subjects grouped under
the title of "the Ballinger-Pinchot
conroversy."

For the moment, the affairs of
the interior Department are before
two committees, for aside from the
main investigation there are the
charges of Representative Hitchcock
of Nebraska, alleging reckless and im-
proper expenditures by the depart-
ment of which Secretary Ballinger
is the lead. These charges are be-
ing investigated by the House Com-
mittee on Expenditures for that de-
partment. The committee, which will
resume hearings tomorrow, will con-
sist of the following:

Senators—Knute Nelson of Minn-
esota, chairman; Frank P. Flint of
California, George Sutherland of
Utah, Elhu Root of New York, Thos.
H. Paynter of Kentucky, Duncan U.
Fletcher of Florida.

Representatives—Samuel W. McCall
of Massachusetts, M. E. Olmsted of
Pennsylvania, E. H. Madison of Kan-
sas, Edwin Denby of Michigan, Ollie
James of Kentucky, James M. Gra-
ham of Illinois.

IF NEGRO IS CONVICTED—

Then There Will Be No Big Fight
July 4.

New York, Jan. 24.—If Jack John-
son is convicted of assault on the
charge brought against him by his
one time friend, Norman Pinder, there
may be no battle for the world's
championship on July 4. Conviction
on a charge of felonious assault in
the second degree in this state car-
ries a penalty of not more than five
years' imprisonment.

If the case goes to the grand jury
and an indictment in sound there
probably will be considerable delay
before trial.

JOHNSON IN COURT AGAIN

Negro's Lawyer Failed to Appear and
Case Is Adjourned.

New York, Jan. 24.—Jack Johnson,
the champion heavyweight pugilist,
was in court again today to answer
the charge of assault preferred by
Herman Pinder, a negro with whom
Johnson was in a mixup in a restau-
rant recently. Johnson's lawyer, how-
ever, was not ready to proceed, and
the case was adjourned until Mon-
day.

Filipinos Suffer From Cold.

Honolulu, Jan. 24.—The steamer
Manchuria arrived today from the
orient, more than two days behind
schedule. The liner encountered cold
weather out of Yokohama and made
the run to this port over the south-
ern course, which added nearly 1,000
miles to the old distance.

The Manchuria brought 538 Fili-
pinos recruited in the Philippines by
an agent of the Hawarrian sugar
plantations. They suffered intensely
from cold.

Mahr Issues Denial.

Shawnee, Okla., Jan. 24.—J. C.
Mahr, state commissioner of health
today made a positive denial of the
report emanating from Guthrie, to
the effect that he had resigned or
was about to do so.

He stated that he had not even
considered resigning, and that the
report surely originated from hotel
lobby talk, he having been mentioned
for state chairman.

Marie Corelli gave to the literary world in her novel of the Vendetta one of the most powerful works of fiction, and one that has the distinction of finding a place in the hearts of all classes of people; it embraces so very many points that are absolutely true to life. The playbill dramatized therefrom has become even more popular than the novel itself. It comes to the Opera House for one night's performance only, on Wednesday, January 26, with the charming emotional leading lady Miss Beatrice Harrington in the leading role of Nina, supported by a strong acting company. This little lady has by her clever work won a place in the front rank on the stage of the present day. The scenic and electrical effects are superb. This will be one of the very best attractions to be seen here this season.

EZRA KENDALL NO MORE.

Actor Dies in Indiana Sanitarium From Apoplexy.

Cleveland, Jan. 23.—Ezra Kendall, the comedian, died of apoplexy today in a sanitarium at Martinsville, Ind. The first news of his death received by friends outside the immediate family, was when the body was brought to Cleveland tonight.

Kendall closed his season in "The Vinegar Buyer" at Seattle, three weeks ago because of ill health. He completed his twenty-ninth season on the stage.

He was born in Allegheny county, Pennsylvania, 49 years ago. At the age of 20 he went on a barnstorming tour. Later he made a success in "We, Us & Company" at the Fifth Avenue theater, New York. For years he was a monologist of renown, but for the last eleven seasons he has used "The Vinegar Buyer" as his vehicle.

He is survived by a wife and six children.

DIRT CAVING IN AT OIL WELL—CASING IT

**MUD FALLING IN SO SOLIDLY
CAN'T DRILL THROUGH.**

**Ideal Sunday Attracts Large Number
of Excursionists to the
Well.**

The drillers, after drilling to a depth of 1260 feet in the Ada Gas and Oil company's well, find it impossible to bore further without casing the well.

The casing began this morning and will be continued this afternoon. Dirt has been tumbling into the well so substantially that no headway can be obtained with the drill. Work was stopped for four hours last night on this account, it being impossible to reach the bottom. More mud has accumulated by the caving in of the dirt as by the drilling.

Sight Seers a Plenty.

Yesterday being such a beautiful day and the oil well being such an attraction, crowds of people were in the field all day, especially large crowds in the afternoon.

The people went in automobiles, buggies, carriages and they walked. They went early and they stayed late. This was the first Ada oil well they had seen but they appeared to recognize it as the "real thing." Many people have gone to the field of activity every day since the discovery of oil, but the crowd of Sunday far surpassed that of any past day.

CALIFORNIA AVIATORS HAPPEN TO ACCIDENT

C. F. WALSH FALLS, ENDANGERING SEVERAL LIVES.

Navigators League Similar to Baseball League Will Be Organized.

San Diego, Cal., Jan. 23.—C. E. Walsh, a San Diego aviator, when giving an exhibition flight in a monoplane of his own construction today, completely wrecked his machine and endangered the lives of a score of spectators. Walsh's machine, flying low and unsteady, struck a fence. Several spectators were injured by flying pieces from the monoplane. Walsh was not injured.

Charles K. Hamilton, an aviator associated with Glenn H. Curtiss, made several flights, despite the heavy wind.

On one flight with a passenger he came down with a bump which broke two ribs of the machine. Hamilton made a ten-mile cross-country flight and ascended to a height of 500 feet.

DIES OF TUBERCULOSIS.

After Several Months Illness Mrs. Geo Thomas Passes Away.

Mrs. George Thomas died Sunday evening at seven o'clock of tuberculosis after suffering for several months from the dread disease. Interment was at Rosedale cemetery at 3 p. m. today. Rev. O. E. Fowler, pastor of the North Ada Baptist church, conducted the service

Baptist Church Note.

Sunday services at the North Ada Baptist church was well attended both morning and evening. Three additions by letter. Our collection for state missions amounted to \$38. Sunday school showed a liberal increase. The B. Y. P. U. is doing fine work. The Lord is leading us on to greater things in his kingdom.

Miss Smith Entertains.

On Saturday evening Miss Treva Smith at her home with her grandpa Austin, entertained Misses Icy Dodds, Blanche Rushing, Lena West and Julia Moss. Cake, fruit and music were enjoyed by these belles of Ada until a late hour.

North Ada Notes.

At the Baptist church Sunday school attendance 85. Fine preaching service by Dr. O. E. Fowler, concluding with four additions to church membership. A fine evening service and a crowded house. State Mission collection taken resulting in \$44 collection.

The wedding bells on the hill at the home of Mr. Collins calling for the busiest benefactor of North Ada, Dr. O. E. Fowler to come instant and join in holy banns a couple from Roff who were more interested in hymeneal atmosphere than in the ozone of the Rockies.

Mrs. G. T. Howerton is quite sick and her presence in Sunday school and church work is greatly missed. Prof. Howerton is able to resume his work in the normal.

Dr. D. Jones Austin has been confined to the sick room for several days, but is out this morning.

FIVE KILLED AND FIFTEEN INJURED IN DERAILMENT

**BIG FOUR'S CHICAGO EXPRESS
LEAVES RAILS.**

**Jumps Track Near Cincinnati Saturday Morning While Speeding
50 Miles an Hour.**

Cincinnati, Ohio, Jan. 24.—Five are dead and fifteen injured as the result of the wrecking of the Big Four express from Chicago, which left the tracks two miles west of here Saturday morning while flying toward the city at the rate of fifty miles an hour.

The dead:

Frank Stadlander, coconductor, New Port, Ky.

C. W. Goldie, fireman, Indianapolis.

John Stickle, Cincinnati.

Fred Murphy, engineer, Indianapolis.

Michael Lewis, brakeman, Kansas City, Kan.

Fifteen of the passengers were injured, but none seriously. While rounding a curve the big engine of the flyer leaped from the tracks and whirling in a great semi-circle plunged through a coach of its own train. By a marvelous chance not a passenger was killed or seriously injured, the fatalities being confined to the train crew.

According to the Big Four officials the accident was caused by a piece of iron dropping on one of the tracks, which derailed the engine.

New Aviation League.

Los Angeles, Cal., Jan. 23.—A national aviation circuit somewhat on the order of the big baseball organizations, may be the result of a conference to be held at St. Louis next month between Cortlandt Field Bishop, president of the Aero Club of America, and representatives of several large eastern cities, seeking the coming international aerial events.

Mere flying machine exhibitions will be sent into oblivion and actual contests will take their places. Large guarantees also will be things of the past, if Mr. Bishop's plans materialize.

Bankrupt.

George C. Stotts, a hardware dealer of Allen, will file a petition of bankruptcy in the federal court at Muskogee to day. His store has been closed several days.

DURANT TO PAVE.

Now Includes in Its Resolutions Only the Business District.

Durant, Ok., Jan. 23.—The Durant City Council has passed another resolution, calling for the paving of about fourteen blocks in the business section of the city, which will eliminate much of the opposition heretofore evinced against former paving resolutions passed by this council because of its being limited to the business section.

The council rescinded its action giving permission to the Normal Heights Company to grade Fifth and Sixth avenues leading to the Southeast Normal school, under construction, because Contractor Sheffield, who has the contract for the grading, was using some negro labor on the work. It is the policy of Mayor Bowles and the council to give all work on the city streets to white people. Mayor Bowles has gained a state wide reputation on his policy against negro labor on any public work when white labor can be obtained. This

is in accord with the views of a majority of the citizens, as Durant is and always has been a white man's town.

us Dessert Not Too Rich for the Younger Members of the Family.

Soak one pint of fine white bread crumbs in one quart of milk for 15 minutes. Beat together until light the yolks of five eggs and one-half pint of sugar, stir in a tablespoonful of softened butter, add just a suspicion of grated rind of lemon, two tablespoonfuls of lemon juice and a tablespoonful of vanilla. Add these to the milk and bread, mix and add one-half pint of coconut. Bake in the pudding dish until the custard is "set" in the middle. While this is baking beat the whites of five eggs to a stiff froth, add five tablespoonfuls of powdered sugar, beat until white and fine. When the pudding is done draw it from the oven, cover thickly with coconut, heap over the meringue, dust thickly with powdered sugar, put back in oven until brown. Serve cold.

Chicken Saute.

Clean and prepare a chicken; cut into pieces; cut a quarter of a pound of bacon in small pieces, put into a saucepan five minutes, add your chicken, turn now and then until brown; pour off the surplus grease, add a gill of white wine. Peel one dozen little onions, brown in a little olive oil; add to chicken a few minutes before serving; add a pinch of pepper, salt and nutmeg, six to twelve mushrooms cut into quarters; remove all floating grease. Serve.

Spanish sauce—Melt two ounces butter in a saucepan, add two ounces of flour; stir until colored a nice brown; mix flour and butter thoroughly, add a pint of stock, one and a half ounces of lean, raw ham, a carrot, an onion, a piece of celery, two cloves, a pinch of salt and pepper, and stir until it begins to boil. Remove saucepan to back of range, allow to simmer gently an hour; skim off grease and strain.

North Carolina Biscuit.

For North Carolina beateu biscuit make a thick dough of flour and milk, with a little shortening, and salt to taste. Then beat the paste vigorously for at least forty minutes. In the old days when there were hours in the day to spare cooks would work the dough for an hour or more. It should be so puffy before it is left that it will blister when it is touched with the finger. Make it into little biscuits and bake. About a level tablespoonful of butter or lard will be needed for a quart of flour. There are implements in the shops for beating the dough.

Chicken Panada.

Pound well in a mortar the meat from the breast and wings of a chicken that has been boiled; mix it with an equal quantity of fine bread crumbs that have been soaked in milk; add a half pint broth made from the bones of the chicken, put into a small saucepan and simmer for five minutes. Pass through a sieve and serve. This is delicate and nutritious, and is suitable for invalids with weak digestion.

Creole Pork Chops.

One pound loin pork chops, one-half can tomatoes, four onions, red pepper, salt; fry chops till a golden brown, then pour over them the tomatoes, slice onions over them, season with pepper and salt. Simmer for an hour.

Fine Steak.

Any kind of steak can be used. Roll it in white flour, then in a beaten egg and then in bread or cracker crumbs. Fry it in hot lard, then salt it and put some pepper on. Then serve. It makes it tender and juicy.

PINCHOT HEADS NATIONAL SOCIETY

EX-FORESTER ANNOUNCES HIS
ELECTION AS PRESIDENT
OF CONSERVATIONISTS

NOT A POLITICAL QUESTION

Succeeds Dr. C. W. Elliot and Will
Take Charge—Headquarters to
Be at Washington—Warm
Campaign.

Washington, Jan. 24.—Declaring
that conservation of natural resources
is not a political question, Gifford
Pinchot, who was ousted as
Chief Forester of the United States
by the President, announced his election
as president of the National
Conservation Association.

He succeeds Dr. Chas. W. Elliot,
president emeritus of Harvard University,
who has been at the head
of the association since its inception
last July.

Mr. Pinchot says he will take
active charge tomorrow morning. His
headquarters will be in Washington
according to the statement which Mr.
Pinchot issued tonight. Dr. Elliot, who
will remain as honorary president of
the association, wrote two weeks ago

to the executive committee asking
that they elect Mr. Pinchot, "the
recognized head of the conservation
movement." Dr. Elliot also wrote to
Mr. Pinchot suggesting that he accept
the place. At the direction of
Dr. Elliot a meeting of the committee
was held and Mr. Pinchot elected.

The National Conservation Association
was founded last July at Cambridge,
Mass., under the auspices of
Dr. Elliot. Its purpose is to carry into
practical effect the conservation
ideas that were advanced at the conference
of the Governors in Washington
at the end of the Roosevelt Administration.

WASHINGTON IS SURPRISED

Government Regrets England and
France Decline to Endorse

Washington, Jan. 24.—The reports
from Paris that both England and
France would withhold their endorsement
of Secretary Root's plan for the
neutralization of the Manchurian
railroads was received at the
State Department with much surprise
and regret. No official announcement
of such contemplated action
had been received here and he hope
was expressed that the declaration
may yet be found at least conditional.
The strongest hope was expressed
that in any event the Powers would
give their assent to Mr. Knox's alternative
proposition for the neutralization
of the proposed Chin Chow
Pu-Tsitsihar-Aigun road.

The construction of this road is
deemed of the highest importance in
the scheme of developing the western
part of Manchuria and Eastern
Mongolia and from the American
standpoint, it was stated there could
be no valid objection either to its
construction or its neutralization.

LIQUOR CONCERN WINS SUIT

Temporary Injunction Commands
Railway to Carry Shipments

Kansas City, Mo., Jan. 24.—A temporary
injunction was granted by Judge
John Phillips of the United States
Circuit Court enjoining the
Missouri, Kansas and Texas railroad
from refusing to take liquor shipments
consigned to Oklahoma and
Kansas. The suit was brought by
the Harvest King Distilling Company
of Kansas City.

The decision of Judge Phillips is a
victory for the liquor dealers. The
Missouri, Kansas and Texas railroad
issued an order several months ago
refusing to take liquor packages
consigned to be two prohibition states
in its territory, Oklahoma and
Kansas. A restraining order was issued.
The hearing today was on this restraining
order.

THOROUGH MEAT INVESTIGATION

EVERYBODY READY FOR MEETING
OF THE FEDERAL
GRAND JURY

ALL BIG PACKERS PRESENT

Armour Makes Statement In Which
He Says Existing Co-Operation
Benefits the Public—Packers
Ready.

Chicago, Ill., Jan. 24.—With the
heads of all big packing houses gathered
here and attorneys arrayed on each
side the Government's investigation of
the dressed meat industry is expected
to be ready for action when the Federal
Grand Jury convenes today. Whether the price
of meat is artificially kept high is the
contention.

Subpoenas will bring witnesses
from all departments of the packing
house business for the inquiry which
it is promised will surpass all former
attempts for thoroughness.

The packers are ready for combat.
"All I have got to say is that such
co-operation as may exist among the
packers is a benefit to the public
rather than the reverse," said J.
Ogden Armour.

Three lines of action outlined are:
Criminal proceedings for alleged
violation of the anti-trust law.
Civil action for the dissolution of
the National Packing Company.
Contempt proceedings for alleged
violation of Judge Grosscup's injunction
restraining packers from fixing
prices in restraint of trade.

Only entire new data obtained during
the several months will be utilized
by the government.

Much interest has been taken here
in the appointment of Charles B.
Morrison, special attorney to the
Attorney General, to a position of
federal master in chancery. Mr. Morrison
has been made thoroughly familiar
with the beef situation. A master
in chancery will be selected by
the court to take evidence if District
Attorney Sims files civil proceedings
against the packers. The question
has been asked, Will Mr. Morrison
be selected to take the evidence?

It is stated that the packers will
oppose him on the ground that his
previous experience has disqualified him.

TULSA TENDERED FRANCHISE

Is Asked to Join the Western Association.

Tulsa, Okla., Jan. 24.—The Western
Association, through its locating
committee has tendered Tulsa a
franchise in the league. It was asked
that the city provide a suitable
park and as two street car companies
have each promised to provide a
park there will be no deficiency along
this line. A meeting of baseball
fans has been called for Monday
night when steps will be taken to
provide funds for carrying a team
successfully through the season. In
order to make the season more profitable
it is understood the Western
Association will open about April 15
and close about the middle of August,
avoiding the hot and unprofitable
late summer season.

ARRANGES FOR ONE IMPORTATION

Output of Mexican Zinc Mine Will Be
Carried Across Rio Grande

Washington, Jan. 24.—Robert W.
Dowe, collector of customs for the
Eagle Pass district, was in Washington
to arrange for the transportation
in bond of the output of the zinc
mine in Mexico opposite Boquillas,
Texas. As a result of the arrangements
made the movements of ore to the
Southern Pacific railway station at
Marathon will begin at once. There
are twenty-five tons of lead-bearing
zinc ore on the dump at the mine
which will be put across the Rio
Grande in baskets on a cable six
miles long and transported to Marathon
in days hauled by traction engines.

A Law Limiting Pressure Per Inch
of Main Pipe Will Solve the
Problem of Retaining Gas
in the State.

Guthrie, Ok., Jan. 23.—When the
Ross resolution for investigation of
management and disbursement of
public moneys pending in the house
of representatives is presented for
adoption Monday morning a substitute
will probably be offered for the
appointment of a house committee
to prepare a bill of particulars,
showing just what departments or
officers it desires to probe. While the
democratic caucus voted on Friday
afternoon to pass the resolution the
representative from Comanche County
was subject to considerable criticism
for not having first submitted the
matter to a conference of the majority.
They regard it a sweeping accusation
against the entire state administration,
contending that it should have
been specific in locating the
supposed violation of law and not,
as they put it, throw the mist of
suspicion over practically all of the
state departments.

The spirit of the members participating
in the caucus was, however, that
since the resolution was before the
body and prejudice in the public
prints the legislature could not
afford to ignore it.

Proposed Substitute.

Adoption of the proposed substitute
is being urged for the reason that
no question has arisen over some
of the departments, and to procure
a report before this session of the
legislature ends it will be necessary
to reduce the matter to a concrete
basis. It is planned to have the
initial committee inquire into such
charges as may be presented to it
and if they are found to be of tangible
foundation, authorize another
committee, as contemplated in the
original resolution to proceed with
its probe. In other words, the first
committee will in effect be a grand
jury and the second committee the
trial court. Under the plan talked of
tonight, Mr. Ross, presenting the
resolution, is no in Guthrie and no
one is able to state what portion of
the administration he had in mind.

Republicans who have repeatedly
rehearsed the so-called indictments
in their committee resolutions and
on the public platform will, according
to one of the leaders, support the
Ross resolution to a man. They
anticipate that in good faith the
majority will accord the minority one
or two places and are asked whether
the republican caucus will be permitted
to name them. They protest against
the democratic caucus doing this,
while democrats who have discussed
the situation refer to the congressional
precedent in naming the Ballinger
investigation committee, where the
democratic members were selected by
the republican organization.

Governor's Attitude.

Gov. Haskell has not discussed the
Ross resolution other than in conference
with his friends, and is reported
as not opposing the investigation.

Those close to the administration
insist that it desires treatment free
from any character of bias, and will
request that no democrat be named
on the committees who is known to
be personally hostile as indicated in
the governor's message. The legislature
will probably be asked to give
legislation that will insure retention
of Oklahoma natural gas for use of
the people residing here, and a bill
to that end is being prepared. It will
likely follow the Indiana law, which
limits the amount of pressure per
square inch of main pipe, thus making
the carrying of gas a great distance
impossible. Three hundred
pound pressure is sufficient, it is
estimated, to carry gas between six

beyond that distance it would require
numerous pumping stations, or the

might make the venture too extravagant

To Retain Natural Gas.

Assuming that the Federal courts
holding will make pending injunctions
permanent against the state it is
believed that much of the Oklahoma
field will be protected against
foreign consumption. However, fields
lying along the Kansas border would
not be materially protected by the
new law. Indiana's law limiting pressure
to one gas pipe, it is understood,
had been declared constitutional by
the supreme court of the United States.

Four of the institutions created at
the regular session of the legislature
are asking for additional appropriations
this year. The Girl's In-

dustrial school will ask for \$50,000
for maintenance, the Durant Normal
\$25,000 for equipment, the Ada Normal
\$80,000 for maintenance and equipment
and the Claremore school \$38,000 which
was the amount eliminated from the bill
a year ago. The state penitentiary may ask
for an additional building appropriation.
Members of the legislature are working
with the idea of completing the special
session within three weeks or a month from
Jan. 20, but from the amount of business
gathering the session is more liable to last
six weeks.

JOHANNES COMET EXHIBITS SELF AGAIN

A LITTLE HIGHER IN WESTERN SKY THAN BEFORE

Remains About Forty-Five Minutes
and Is Said to Be Brighter
Than Usual

The comet which has been showing
for several nights and which has
been dubbed (up at Chicago) the "Jo-
hannesburg" comet, was in evidence
last evening brighter than ever. It
appeared in about the same location
as heretofore, being a little higher,
then lowering itself. It was first
seen about 6.15 and disappeared near
seven o'clock.

The following is what a noted as-
tronomer says about the comet.

Chicago, Ill., Jan. 24.—With a
pretty curved tail pointing defiantly
upward and a head larger than the
apparent size of Venus, the new Jo-
hannesburg comet, declared by fa-
vored astronomers, who saw it last
night, to be the most spectacular
celestial phenomenon in a quarter of
a century, is in the heavens above
Chicago for all to see.

"Yes, it was beautifully clear up
here last night," said Prof. Frost of
Yerkes Observatory, Williams Bay.
"The comet was a very noticeable
object in the western sky, and we ob-
served it for a full hour after sun-
set. Its tail was visible for a long
time after the head had disappeared."

"The comet's tail is four degrees
in length, while the sun appears
about half a degree in diameter,
which makes the apparent length of
the tail about eight times the ap-
parent width of the sun. The tail
looks brighter than the head."

"There have been a great many
other comets visible to the naked
eye, but this is better situated for
popular observation than any other
that has appeared in a generation.
Many comets have been so close to
the sun as to be obscured, or so far
separated from it that they could be
seen only very late at night or early
in the morning. This comet is un-
usually bright, and is at its best as
soon after sunset as the light from
the sun has died away."

WAR ON MEAT IS SPREADING

SENATOR BRISTOW SAYS "RESOLU-
TIONS HAVE BEEN BEGUN
BY LESS SUFFERING."

WHOLE COUNTRY AFFECTED

Packers Say High Prices of Meats
Are Caused by High Prices of
Corn and Suggest Poor Eat
Cheap Cuts.

Washington, D. C., Jan. 24.—"Revo-
lutions have been started by less
than the American people are suffer-
ing now," says Senator Joseph L.
Bristow of Kansas. "Meat riots up to
a quarter of the average household
expenses and it ought to be cheaper
today instead of dearer than it was
25 years ago, because of the greater
economy in its preparation and sale.
When I was a boy, 25 percent of
the carcass went to waste. Now,
nothing goes to waste—no even the
blood."

Senator Bristow's words crystallize
the sentiment of protest in all parts
of the country against the higher cost
of living. Thus far the movement,
which first took form in an actual
boycott at Cleveland, has met with
most success in the west. The east
has been slower to follow, influenced
perhaps by a widespread feeling
among small dealers, and in the la-
bor unions, that a universal boy-
cott, though effective as a protest,
would actually play into the hands
of the packers, who, with their con-
trol of cold storage houses and re-
frigerator lines, could carry their
product through a prolonged boycott
though a thirty-day cessation of
trade would put the small independ-
ents out of business.

Against public clamor, the pack-
ers reply that high prices for meats
are attributable to the high prices
of corn, and advocate that the poor
be educated to eat cheaper cuts.

"These cuts are just as good and
more wholesome if properly cooked,"
says Harold Swift, of Swift & Co.
"Prices are very high, but there is
every indication that they will go
higher."

Actual consumption of meat is re-
ported by retail dealers everywhere
to have dropped sharply.

OKLAHOMA DEATHS.

Guthrie, Ok., Jan. 23.—Col. C. R.
Buckner, aged 65 years, who served
in the Confederate army as captain
under Forrest's famous cavalry reg-
iment of Kentuckians, died here early
today, the result of a fall on the
ice three weeks ago. A native of Ken-
tucky, he practiced law after the war
in New Orleans, Fayetteville, Ark.,
San Antonio, Tex., and Guthrie. At
Fayetteville he married Miss Nannie
Walger, sister of United States Sen-
ator David Walker, who, with two
sons, survive him. Col. Buckner was
the sixth generation of lawyers in
that family. He was a nephew of Gen.
Simon Bolivar Buckner.

Oklahoma City, Ok., Jan. 23.—J. J.
Hickey, superintendent of construc-
tion for the Patterson-Hurst Rail-
way interests of Oklahoma City, was
killed by a street car on Capitol Hill
today when the car collided with an
automobile in which Hickey was riding.

Train Goes Into Ditch.

Lawton, Ok., Jan. 24.—The fast
Frisco merchandise train, "The Red
Ball," No. 435, went in the ditch by
having three cars and caboose thrown
from the track and badly smashed
near Odessa, four miles east of Snyder
Sunday.

The rear-end brakeman, Charlie M.
Martin, was caught in the midst of
the wreck and seriously injured by
having his face and head badly cut
entertained that his injuries may
and bruised in many places. Fear is
prove to be internal also.

MARTIN JULIAN PICKS JEFF TO WIN BATTLE

MANAGER OF FITZ TELLS WHY
NEGRO WILL LOSE

Says the Black Lacks Wallop and
Cannot Hurt the Retired
Champion.

Chicago, Ill., Jan. 24.—Martin Ju-
lian, brother-in-law and former man-
ager of "Ruby Robert" Fitzsimmons,
who is now a retired business man
in Chicago, was finally induced to
discuss the coming battle between
Jeffries and Johnson, which he be-
lieves will be won by the white man.
When asked what he thought of
the coming championship bout, Ju-
lian said:
"Jeffries will win. I like Johnson.
He is a different man from what
many think him to be, but, you see,
I know just what kind of an old
bear cat this fellow Jeffries is, and
that is why I say what I do about
the result of the battle."

"Jeffries tells most people that he
will weigh about 225 pounds. Well,
then, he will be smaller than he ever
was when he fought Bob Fitzsimmons.
He goes twenty pounds more than
this. He is a mammoth in every way,
and that will play a lot in the re-
sult of the bout. If Jeff wins, and I
think that he will, the pictures of
the fight will be the most valuable
ever taken, and both men will be-
come rich as the result."

Few Can Come Back.

"Few men can come back. We
know that from the results of bouts
we see in the ring, but Jeffries will
be different from the rest of these
men. The left hand is the most use-
ful one the Californian has, but he
is the harder with his right paw,
and if he clouts Johnson with it he
will win right there, for I don't think
that he ever let it go with all his
might."

"By the way, when they talk of
men pluck and grit, don't overlook
Jeffries, for Bob punched himself
out hitting him, and we know that
Bob was one of the hardest hitters
in the world, and Jeff was almost
blind when Bob weakened and could
not defend himself and had to bow
to youth."

"Fitz will be 48 on his next birth-
day. I guess I am the only man in
the world who knows how old Bob is,
for he is peculiar about his age and
tells people he is much younger than
he really is. He was at his best when
he was 35, Bob is not broke, and
they won't have to give him any
benefits when he quits the stage,
where he is making good money.
But he is foolish to ever mar a
great record by fighting again, for
he is not near the wonderful man
he used to be when he was the
champion middleweight, light heavy-
weight and heavyweight. His battle
with Bill Lang proved that."

Cowboys As Protectors.

"When Fitz fought Corbett in Car-
son City, Nev., we had the quickest-
shooting cowboys in Texas to pro-
tect us, and this is about the first
time that has ever been told. You
can see them in the pictures of
the fight. They were sworn in by the
government of the state of Nevada,
and they wore their guns, and were
there to shoot if any one tried to
molest George Siler, who refereed
the fight. Siler had been threatened,
and when he told me I said I would
protect him, if he was honest, and I
did. It cost me a lot of money to
bring those men there, but it pre-

deal, and think to this day that un-
less he gamblers knew that I was
going to kill to get a square deal
they would have flooded the ring
when Jim Corbett was losing that
fight, for they backed him to the
limit."

John Jerome, the rival man, who
listened to the conversation, gave
some interesting views concerning
championship bouts.

I had Corbett playing with me
when he matched to meet Sullivan,
and Jerry Sullivan and I were about
the only two men in the town who
backed Corbett heavily to win. Then
I had Fitz when he was to fight Cor-
bett, and again I won many a fat
wager. Strange to say, Jeff was
playing in my shows when he was
matched with Corbett and I backed
him to beat Fitz and won. Now Jack
Johnson is playing with me, but I
don't know just yet who I will back
to win the big fight."

BALLINGER'S INVESTIGATION Special Committee Will Begin This Week.

Washington, Jan. 24.—This week
will probably see the beginning of
the work by the joint special com-
mittee which has been named to in-
vestigate the subjects grouped under
the title of "the Ballinger-Pinchot
conroversy."

For the moment, the affairs of
the interior Department are before
two committees, for aside from the
main investigation there are the
charges of Representative Ives Hitchcock
of Nebraska, alleging reckless and im-
proper expenditures by the depart-
ment of which Secretary Ballinger
is the lead. These charges are be-
ing investigated by the House Com-
mittee on Expenditures for that de-
partment. The committee, which will
resume hearings tomorrow, will con-
sist of the following:

Senators—Knute Nelson of Minn-
esota, chairman; Frank P. Flint of
California, George Sutherland of
Utah, Elihu Root of New York, Thos.
H. Paynter of Kentucky; Duncan U.
Fletcher of Florida.
Representatives—Samuel W. McCall
of Massachusetts, M. E. Olmsted of
Pennsylvania, E. H. Madison of Kan-
sas, Edwin Denby of Michigan, Ollie
James of Kentucky, James M. Gra-
ham of Illinois.

IF NEGRO IS CONVICTED— Then There Will Be No Big Fight July 4.

New York, Jan. 24.—If Jack John-
son is convicted of assault on the
charge brought against him by his
one time friend, Norman Pinder, there
may be no battle for the world's
championship on July 4. Conviction
on a charge of felonious assault in
the second degree in this state car-
ries a penalty of not more than five
years' imprisonment.

If the case goes to the grand jury
and an indictment is found there
probably will be considerable delay
before trial.

JOHNSON IN COURT AGAIN

Negro's Lawyer Failed to Appear and
Case Is Adjourned.

New York, Jan. 24.—Jack Johnson,
the champion heavyweight pugilist,
was in court again today to answer
the charge of assault preferred by
Herman Pinder, a negro with whom
Johnson was in a mixup in a restau-
rant recently. Johnson's lawyer, how-
ever, was not ready to proceed, and
the case was adjourned until Mon-
day.

Philippines Suffer From Cold.

Honolulu, Jan. 24.—The steamer
Manchuria arrived today from the
orient, more than two days behind
schedule. The liner encountered cold
weather out of Yokohama and made
the run to this port over the south-
ern course, which added nearly 1,000
miles to the old distance.

The Manchuria brought 538 Phil-
ippines recruited in the Philippines by
an agent of the Hawaiian sugar
plantations. They suffered intensely
from cold.

Mahr Issues Denial.

Shawnee, Okla., Jan. 24.—J. C.
Mahr, state commissioner of health
today made a positive denial of the
report emanating from Guthrie, to
the effect that he had resigned or
was about to do so.

He stated that he had not even
considered resigning, and that the
report surely originated from hotel
lobby talk, he having been mentioned
for state chairman.

curbing, guttering and draining of
Main street from the East line of the
M., K. & T. Railway right-of-way to
the West line of Stockton Ave. to be
paved a total width of sixty-eight (68)
feet from face of curb to face of curb
and on Main street from the West
line of Stockton Ave. to the West line
of the St. Louis and San Francisco
Railway Right-of-way to be paved a
total width of forty (40) feet from
face of curb to face of curb, Town-
send Ave. from the North line of
12th Street to the North line of the
St. Louis and San Francisco Railway
Right-of-way to be paved a total
width of fifty-six (56) feet from face
of curb to face of curb, Broadway
Ave. from the North line of 12th
street to the North line of the St.
Louis and San Francisco Railway
Right-of-way to be paved a total
width of sixty-eight (68) feet from
face of curb to face of curb, Each
and all of said streets and avenues
being in the City of Ada, Oklahoma,
and that the material to be used in
the paving of the roadway of said
street shall be a two (2) inch Rock
Asphalt wearing surface with a five
(5) inch Portland Cement concrete
foundation, and that the necessary
grading to be done, and catch basins,
concrete curbing and guttering and
draining to be constructed therefor in
accordance with the plans and spec-
ifications prepared by city engineer,
and adopted by the Mayor and City
Council on the 12th day of January,
1910, and now on file in the office
of the City Clerk.

Each bid must be accompanied by
a certified check in the sum of five
(5 per cent) per cent of the amount
bid, to be forfeited to the City of
Ada, Oklahoma, in case the success-
ful bidder fails to enter into con-
tract and give the required bond with-
in the required time. Contractor will
be required to give bond in the sum
of thirty (30 per cent) per cent of
the contract price for the faithful
performance of said work, and the
holding of the city harmless from
any and all damages which might oc-
cur. The contractor will also be re-
quired to give bond in the sum of
ten (10 per cent) per cent of the con-
tract price for the keeping of the
paving in a state of good repair for
a period of not less than five (5)
years.

Marie Corelli gave to the literary
world in her novel of the Vendetta
one of the most powerful works of
fiction, and one that has the distinc-
tion of finding a place in the hearts
of all classes of people; it embraces
so very many points that are abso-
lutely true to life. The playbill dra-
matized therefrom has become even
more popular than the novel itself.
It comes to the Opera House for
one night's performance only, on
Wednesday, January 26, with the
charming emotional leading lady Miss
Beatrice Harrington in the leading
role of Nina, supported by a strong
acting company. This little lady has
by her clever work won a place in
the front rank on the stage of the
present day. The scenic and electri-
cal effects are superb. This will be
one of the very best attractions to
be seen here this season.

EZRA KENDALL NO MORE.

Actor Dies in Indiana Sanitarium
From Apoplexy.

Cleveland, Jan. 23.—Ezra Kendall,
the comedian, died of apoplexy today
in a sanitarium at Martinsville, Ind.
The first news of his death received
by friends outside the immediate fam-
ily, was when the body was brought
to Cleveland tonight.

Kendall closed his season in "The
Vinegar Buyer" at Seattle, three
weeks ago because of ill health. He
completed his twenty-ninth season
on the stage.

He was born in Allegheny county,
Pennsylvania, 49 years ago. At the
age of 20 he went on a barnstorming
tour. Later he made a success in
"We, Us & Company" at the Fifth
Avenue theater, New York. For years
he was a monologist of renown, but
for the last eleven seasons he has
used "The Vinegar Buyer" as his ve-
hicle.

He is survived by a wife and six
children.

DIRT CAVING IN AT OIL WELL--CASING IT

MUD FALLING IN SO SOLIDLY
CAN'T DRILL THROUGH.

Ideal Sunday Abstracts Large Number
of Excursionists to the
Well.

The drillers, after drilling to a
depth of 1260 feet in the Ada Gas
and Oil company's well, find it im-
possible to bore further without cas-
ing the well.

The casing began this morning and
will be continued this afternoon. Dirt
has been tumbling into the well so
substantially that no headway can be
obtained with the drill. Work was
stopped for four hours last night on
this account, it being impossible to
reach the bottom. More mud has ac-
cumulated by the caving in of the
dirt as by the drilling.

Sight Seers A Plenty.
Yesterday being such a beautiful
day and the oil well being such an
attraction, crowds of people were in
the field all day, especially large
crowds in the afternoon.

The people went in automobiles,
buggies, carriages and they walked.
They went early and they stayed
late. This was the first Ada oil
well they had seen but they appear-
ed to recognize it as the "real thing".
Many people have gone to the field
of activity every day since the dis-
covery of oil, but the crowd of Sun-
day far surpassed that of any past
day.

CALIFORNIA AVIATORS HAPPEN TO ACCIDENT

C. F. WALSH FALLS, ENDANGER-
ING SEVERAL LIVES.

Navigators League Similar to Base
Ball League Will Be Organ-
ized.

San Diego, Cal., Jan. 23.—C. E.
Walsh, a San Diego aviator, when
giving an exhibition flight in a mono-
plane of his own construction today,
completely wrecked his machine and
endangered the lives of a score of
spectators. Walsh's machine, flying
low and unsteady, struck a fence.
Several spectators were injured by
flying pieces from the monoplane.
Walsh was not injured.
Charles K. Hamilton, an aviator as-
sociated with Glenn H. Curtiss, made
several flights, despite the heavy
wind.
On one flight with a passenger he
came down with a bump which broke
two ribs of the machine. Hamilton
made a ten-mile cross-country flight
and ascended to a height of 500 feet.

NORTH ADA NEWS

DIES OF TUBERCULOSIS.

After Several Months Illness Mrs. Geo
Thomas Passes Away.

Mrs. George Thomas died Sunday
evening at seven o'clock of tuber-
culosis after suffering for several
months from the dread disease. Inter-
ment was at Rosedale cemetery at 3
p. m. today. Rev. O. E. Fowler, pas-
tor of the North Ada Baptist church,
conducted the service.

Baptist Church Note.

Sunday services at the North Ada
Baptist church was well attended
both morning and evening. Three ad-
ditions by letter. Our collection for
state missions amounted to \$38. Sun-
day school showed a liberal in-
crease. The B. Y. P. U. is doing
fine work. The Lord is leading us
on to greater things in his kingdom.

Miss Smith Entertains.

On Saturday evening Miss Treva
Smith at her home with her grandpa
Austin, entertained Misses Icy Dodds,
Blanche Rushing, Lena West and Ju-
lia Moss. Cake, fruit and music were
enjoyed by these belles of Ada until
a late hour.

North Ada Notes.

At the Baptist church Sunday
school attendance 85. Fine preaching
service by Dr. O. E. Fowler, con-
cluding with four additions to church
membership. A fine evening service
and a crowded house. State Mission
collection taken resulting in \$44 col-
lection.

The wedding bells on the hill at
the home of Mr. Collins calling for
the busiest benefactor of North Ada,
Dr. O. E. Fowler to come instantler
and join in holy banns a couple from
Roff who were more interested in
hymeneal atmosphere than in the
ozone of the Rockies.

Mrs. G. T. Howerton is quite sick
and her presence in Sunday school
and church work is greatly missed.
Prof. Howerton is able to resume his
work in the normal.

Dr. D. Jones Austin has been con-
fined to the sick room for several
days, but is out this morning.

FIVE KILLED AND FIFTEEN INJURED IN DERAILMENT

BIG FOUR'S CHICAGO EXPRESS
LEAVES RAILS.

Jumps Track Near Cincinnati Satur-
day Morning While Speeding
50 Miles an Hour.

Cincinnati, Ohio, Jan. 24.—Five are
dead and fifteen injured as the re-
sult of the wrecking of the Big Four
express from Chicago, which left the
tracks two miles west of here Satur-
day morning while flying toward the
city at the rate of fifty miles an
hour.

The dead:
Frank Stadlander, conductor, New
Port, Ky.

C. W. Goldie, fireman, Indianapo-
lis.

John Stoppel, Cincinnati.

Fred Murphy, engineer, Indianapo-
lis.

Michael Lewis, brakeman, Kansas
City, Kan.

Fifteen of the passengers were in-
jured, but none seriously. While
rounding a curve the big engine of
the flyer leaped from the tracks and
whirling in a great semi-circle plung-
ed through a coach of its own train.
By a marvelous chance not a passen-
ger was killed or seriously injured,
the fatalities being confined to the
train crew.

According to the Big Four officials
the accident was caused by a piece
of iron dropping on one of the tracks,
which derailed the engine.

New Aviation League.

Los Angeles, Cal., Jan. 23.—A nation-
al aviation circuit somewhat on the
order of the big baseball organiza-
tions, may be the result of a con-
ference to be held at St. Louis next
month between Cortlandt Field Bish-
op, president of the Aero Club of
America, and representatives of sev-
eral large eastern cities, seeking the
coming international aerial events.

More fixing machine exhibitions
will be sent into oblivion and actual
contests will take their places. Large
guarantees also will be things of the
past, if Mr. Bishop's plans material-
ize.

Bankrupt.

George C. Stotts, a hardware deal-
er of Allen, will file a petition of
bankruptcy in the federal court at
Muskogee to day. His store has been
closed several days.

New Includes in Its Resolutions, Only the Business District.

Durant, Ok., Jan. 23.—The Durant City Council has passed another resolution, calling for the paving of about fourteen blocks in the business section of the city, which will eliminate much of the opposition heretofore evinced against former paving resolutions passed by this council because of its being limited to the business section.

The council rescinded its action giving permission to the Normal Heights Company to grade Fifth and Sixth avenues leading to the Southern Normal school, under construction, because Contractor Sheffield, who has the contract for the grading, was using some negro labor on the work. It is the policy of Mayor Bowles and the council to give all work on the city streets to white people. Mayor Bowles has gained a state wide reputation on his policy against negro labor on any public work when white labor can be obtained. This

majority of the citizens, as Durant is and always has been a white man's town.

Is Dessert Not Too Rich for the Younger Members of the Family.
Soak one pint of fine white bread crumbs in one quart of milk for 15 minutes. Beat together until light the yolks of five eggs and one-half pint of sugar, stir in a tablespoonful of softened butter, add just a suspicion of grated rind of lemon, two tablespoonfuls of lemon juice and a tablespoonful of vanilla. Add these to the milk and bread, mix and add one-half pint of coconut. Bake in the pudding dish until the custard is "set" in the middle. While this is baking beat the whites of five eggs to a stiff froth, add five tablespoonfuls of powdered sugar, beat until white and fine. When the pudding is done draw it from the oven, cover thickly with coconut, heap over the meringue, dust thickly with powdered sugar, put back in oven until brown. Serve cold.

Chicken Sauté.
Clean and prepare a chicken; cut into pieces; cut a quarter of a pound of bacon in small pieces, put into a saucepan five minutes, add your chicken, turn now and then until brown; pour off the surplus grease, add a gill of white wine. Peel one dozen little onions, brown in a little olive oil; add to chicken a few minutes before serving; add a pinch of pepper, salt and nutmeg, six to twelve mushrooms cut into quarters; remove all floating grease. Serve.

Spanish Sauce.
Melt two ounces butter in a saucepan, add two ounces of flour; stir until colored a nice brown; mix flour and butter thoroughly, add a pint of stock, one and a half ounces of lean, raw ham, a carrot, an onion, a piece of celery, two cloves, a pinch of salt and pepper, and stir until it begins to boil. Remove saucepan to back of range, allow to simmer gently an hour; skim off grease and strain.

North Carolina Biscuit.
For North Carolina beaten biscuit make a thick dough of flour and milk, with a little shortening, and salt to taste. Then beat the paste vigorously for at least forty minutes. In the old days when there were hours in the day to spare cooks would work the dough for an hour or more. It should be so puffy before it is left that it will blister when it is touched with the finger. Make it into little biscuits and bake. About a level tablespoonful of butter or lard will be needed for a quart of flour. There are implements in the shops for beating the dough.

Chicken Potage.
Pound well in a mortar the meat from the breast and wings of a chicken that has been boiled; mix it with an equal quantity of fine bread crumbs that have been soaked in milk; add a half-pint broth made from the bones of the chicken, put into a small saucepan and simmer for five minutes. Pass through a sieve and serve. This is delicate and nutritious, and is suitable for invalids with weak digestion.

Creeole Pork Chops.
One pound lots pork chops, one-half can tomatoes, four onions, red pepper, salt; fry chops till a golden brown, then pour over them the tomatoes, slice onions over them, season with pepper and salt. Simmer for an hour.

Fine Steak.
Any kind of steak can be used. Roll it in white flour, then in a beaten egg and then in bread or cracker crumbs. Fry it in hot lard, then salt it and put some pepper on. Then serve. It makes it tender and juicy.

REAL ESTATE and FIRE INSURANCE
Advice
We have recently established in the News Building a REAL ESTATE, INSURANCE and LOAN AGENCY and active and constant attention will be given to all business entrusted to our care. We propose to line up our agency along with the growth and advancement of the city, and we want to make your business acquaintance.
Real Estate
We make a specialty of PUSHING property listed with our agency. We do not make a note of it on a memorandum, and forget it, but use printers ink to promote its early and sure sale. It pays to advertise. We preach that sort of doctrine and practice it as well. Property listed with us will be advertised; and if there is anything doing at all in the real estate transfers we are busy too. We have at the present date some pretty bargains in Ada stuff which you may see advertised in another column of this issue of the News. If you want to sell list with us today.
Insurance
The WEAVER FIRE INSURANCE AGENCY was the first established in Ada, and during these nearly 10 years every claim has been promptly adjusted, to the entire satisfaction of the policy holder. This is not a bad record. This is true because only the best and strongest companies have been represented. Among these are: The Royal, New York Underwriters, the Niagara, and the Phenix. These are as strong as the Rock of Gibraltar. PROMPTNESS is the watch-word. You can make no mistake by selecting any of these to carry your risk.
Loans
We are at present arranging to represent leading loan companies, and expect to be prepared at an early date to take care of applications for loans on city or farm property

PINCHOT HEADS NATIONAL SOCIETY

EX-FORESTER ANNOUNCES HIS
ELECTION AS PRESIDENT
OF CONSERVATIONISTS

NOT A POLITICAL QUESTION

Succeeds Dr. C. W. Elliot and Will
Take Charge—Headquarters to
Be at Washington—Warm
Campaign.

Washington, Jan. 24.—Declaring that conservation of natural resources is not a political question, Gifford Pinchot, who was ousted as Chief Forester of the United States by the President, announced his election as president of the National Conservation Association.

He succeeds Dr. Chas. W. Elliot, president emeritus of Harvard University, who has been at the head of the association since its inception last July.

Mr. Pinchot says he will take active charge tomorrow morning. His headquarters will be in Washington according to the statement which Mr. Pinchot issued tonight. Dr. Elliot, who will remain as honorary president of the association, wrote two weeks ago

to the executive committee asking that they elect Mr. Pinchot, "the recognized head of the conservation movement." Dr. Elliot also wrote to Mr. Pinchot suggesting that he accept the place. At the direction of Dr. Elliot a meeting of the committee was held and Mr. Pinchot elected.

The National Conservation Association was founded last July at Cambridge, Mass., under the auspices of Dr. Elliot. Its purpose is to carry into practical effect the conservation ideas that were advanced at the conference of the Governors in Washington at the end of the Roosevelt Administration.

WASHINGTON IS SURPRISED

Government Regrets England and France Decline to Endorse

Washington, Jan. 24.—The reports from Paris that both England and France would withhold their endorsement of Secretary Root's plan for the neutralization of the Manchurian railroads was received at the State Department with much surprise and regret. No official announcement of such contemplated action had been received here and he hopes was expressed that the decline on may yet be found at least conditional. The strongest hope was expressed that in any event the Powers would give their assent to Mr. Knox's alternative proposition for the neutralization of the proposed Chin Chow Fu-Tsitsihar-Algan road.

The construction of this road is deemed of the highest importance in the scheme of developing the western part of Manchuria and Eastern Mongolia and from the American standpoint, it was stated there could be no valid objection either to its construction or its neutralization.

LIQUOR CONCERN WINS SUIT

Temporary Injunction Commands
Railway to Carry Shipments

Kansas City, Mo., Jan. 24.—A temporary injunction was granted by Judge John Phillips of the United States Circuit Court enjoining the Missouri, Kansas and Texas railroad from refusing to take liquor shipments consigned to Oklahoma and Kansas. The suit was brought by the Harvest King Distilling Company of Kansas City.

The decision of Judge Phillips is a victory for the liquor dealers. The Missouri, Kansas and Texas railroad issued an order several months ago refusing to take liquor packages consigned to the two prohibition states in its territory, Oklahoma and Kansas. A restraining order was issued. The hearing today was on this restraining order.

THOROUGH MEAT INVESTIGATION

EVERYBODY READY FOR MEETING
OF THE FEDERAL
GRAND JURY

ALL BIG PACKERS PRESENT

Armour Makes Statement in Which
He Says Existing Co-Operation
Benefits the Public—Pack-
ers Ready.

Chicago, Ill., Jan. 24.—With the heads of all big packing houses gathered here and attorneys arrayed on each side the Government's investigation of the dressed meat industry is expected to be ready for action when the Federal Grand Jury convenes today. Whether the price of meat is artificially kept high is the contention.

Subpoenas will bring witnesses from all departments of the packing house business for the inquiry which it is promised will surpass all former attempts for thoroughness.

The packers are ready for combat. "All I have got to say is that such co-operation as may exist among the packers is a benefit to the public rather than the reverse," said J. Ogden Armour.

Three lines of action outlined are: Criminal proceedings for alleged violation of the anti-trust law; Civil action for the dissolution of the National Packing Company.

Contempt proceedings for alleged violation of Judge Grosscup's injunction restraining packers from fixing prices in restraint of trade.

Only entire new data obtained during the several months will be utilized by the government.

Much interest has been taken here in the appointment of Charles B. Morrison, special attorney to the Attorney General, to a position of federal master in chancery. Mr. Morrison has been made thoroughly familiar with the beef situation. A master in chancery will be selected by the court to take evidence if District Attorney Sims files civil proceedings against the packers. The question has been asked, Will Mr. Morrison be selected to take the evidence?

It is stated that the packers will oppose him on the ground that his previous experience has disqualified him.

TULSA TENDERED FRANCHISE

Is Asked to Join the Western Association.

Tulsa, Okla., Jan. 24.—The Western Association, through its locating committee has tendered Tulsa a franchise in the league. It was asked that the city provide a suitable park and as two street car companies have each promised to provide a park there will be no deficiency along this line. A meeting of baseball fans has been called for Monday night when steps will be taken to provide funds for carrying a team successfully through the season. In order to make the season more profitable it is understood the Western Association will open about April 15 and close about the middle of August, avoiding the hot and unprofitable late summer season.

ARRANGES FOR ORE EXPORTATION

Output of Mexican Zinc Mine Will Be
Carried Across Rio Grande

Washington, Jan. 24.—Robert W. Dowe, collector of customs for the Eagle Pass district, was in Washington to arrange for the transportation in bond of the output of the zinc mine in Mexico opposite Boquilla, Texas. As a result of the arrangements made the movements of ore to the Southern Pacific railway station at Marathon will begin at once. There are twenty-five tons of lead-bearing zinc ore on the dump at the mine which will be put across the Rio Grande in baskets on a cable six miles long and transported to Marathon in cars hauled by traction engines.

A Law Limiting Pressure Per Inch
of Main Pipe Will Solve the
Problem of Retaining Gas
in the State.

Guthrie, Ok., Jan. 23.—When the Ross resolution for investigation of management and disbursement of public moneys pending in the house of representatives is presented for adoption Monday morning a substitute will probably be offered for the appointment of a house committee to prepare a bill of particulars, showing just what departments or officers it desires to probe. While the democratic caucus voted on Friday afternoon to pass the resolution the representative from Comanche County was subject to considerable criticism for not having first submitted the matter to a conference of the majority. They regard it a sweeping accusation against the entire state administration, concluding that it should have been specific in locating the supposed violation of law and not, as they put it, throw the mist of suspicion over practically all of the state departments.

The spirit of the members participating in the caucus was, however, that since the resolution was before the body and prejudice in the public prints the legislature could no longer afford to ignore it.

Proposed Substitute.

Adoption of the proposed substitute is being urged for the reason that no question has arisen over some of the departments, and to procure a report before this session of the legislature ends it will be necessary to reduce the matter to a concrete basis. It is planned to have the initial committee inquire into such charges as may be presented to it and if they are found to be of tangible foundation, authorize another committee, as contemplated in the original resolution to proceed with its probe. In other words, the first committee will in effect be a grand jury and the second committee the trial court. Under the plan talked of tonight, Mr. Ross, presenting the resolution, is no in Guthrie and no one is able to state what portion of the administration he had in mind.

Republicans who have repeatedly rehearsed the so-called indictments in their committee resolutions and on the public platform will, according to one of the leaders, support the Ross resolution to a man. They anticipate that in good faith the majority will accord the minority one or two places and are asked whether the republican caucus will be permitted to name them. They protest against the democratic caucus doing this, while democrats who have discussed the situation refer to the congressional precedent in naming the Ballinger investigation committee, where the democratic members were selected by the republican organization.

Governor's Attitude.

Gov. Haskell has not discussed the Ross resolution other than in conference with his friends, and is reported as not opposing the investigation.

Those close to the administration insist that it desires treatment free from any character of bias, and will request that no democrat be named on the committees who is known to be personally hostile as indicated in the governor's message. The legislature will probably be asked to give legislation that will insure retention of Oklahoma natural gas for use of the people residing here, and a bill to that end is being prepared. It will likely follow the Indiana law, which limits the amount of pressure per square inch of main pipe, thus making the carrying of gas at great distance impracticable. Three hundred pound pressure is sufficient, it is believed, to carry gas between six-

ty and eighty miles, but to force it beyond that distance it would require numerous pumping stations, or the building of several pipe lines, which might make the venture too extravagant for profit.

To Retain Natural Gas.

Assuming that the Federal courts holding will make pending injunctions permanent against the state it is believed that much of the Oklahoma field will be protected against foreign consumption. However, fields lying along the Kansas border would not be materially protected by the new law. Indiana law limiting pressure to one gas pipe, it is understood, had been declared constitutional by the supreme court of the United States.

Four of the institutions created at the regular session of the legislature are asking for additional appropriations this year. The Girl's In-

ustrial school will ask for \$50,000 for maintenance, the Durant Normal \$25,000 for equipment, the Ada Normal \$80,000 for maintenance and equipment and the Claremore school \$38,000 which was the amount eliminated from the bill a year ago. The state penitentiary may ask for an additional building appropriation.

Members of the legislature are working with the idea of completing the special session within three weeks or a month from Jan. 20, but from the amount of business gathering the session is more liable to last six weeks.

JOHANNES COMET EXHIBITS SELF AGAIN

A LITTLE HIGHER IN WESTERN
SKY THAN BEFORE

Remains About Forty-Five Minutes
and Is Said to Be Brighter
Than Usual

The comet which has been showing
for several nights and which has
been dubbed (up at Chicago) the "Jo-
hannesburg" comet, was in evidence
last evening brighter than ever. It
appeared in about the same location
as heretofore, being a little higher,
then lowering itself. It was first
seen about 6.15 and disappeared near
seven o'clock.

The following is what a noted as-
tronomer says about the comet.

Chicago, Ill., Jan. 24.—With a
pretty curved tail pointing defiantly
upward and a head larger than the
apparent size of Venus, the new Jo-
hannesburg comet, declared by fa-
vored astronomers, who saw it last
night, to be the most spectacular
celestial phenomenon in a quarter of
a century, is in the heavens above
Chicago for all to see.

"Yes, it was beautifully clear up
here last night," said Prof. Frost of
Yerkes Observatory, Williams Bay.
"The comet was a very noticeable
object in the western sky, and we ob-
served it for a full hour after sun-
set. Its tail was visible for a long
time after the head had disappeared."

"The comet's tail is four degrees
in length, while the sun appears
about half a degree in diameter,
which makes the apparent length of
the tail about eight times the ap-
parent width of the sun. The tail
looks brighter than the head."

"There have been a great many
other comets visible to the naked
eye, but this is better situated for
popular observation than any other
that has appeared in a generation.
Many comets have been so close to
the sun as to be obscured, or so far
separated from it that they could be
seen only very late at night or early
in the morning. This comet is un-
usually bright, and is at its best as
soon after sunset as the light from
the sun has died away."

WAR ON MEAT IS SPREADING

SENATOR BRISTOW SAYS "RESOLU-
TIONS HAVE BEEN BEGUN
BY LESS SUFFERING."

WHOLE COUNTRY AFFECTED

Packers Say High Prices of Meats
Are Caused by High Prices of
Corn and Suggest Poor Eat
Cheap Cuts.

Washington, D. C., Jan. 24.—"Revo-
lutions have been started by less
than the American people are suffer-
ing now," says Senator Joseph L.
Bristow of Kansas. "Meat costs up to
a quarter of the average household
expenses and it ought to be cheaper
today instead of dearer than it was
25 years ago, because of the greater
economy in its preparation and sale.
When I was a boy, 25 percent of
the carcass went to waste. Now,
nothing goes to waste—no even the
blood."

Senator Bristow's words crystallize
the sentiment of protest in all parts
of the country against the higher cost
of living. Thus far the movement,
which first took form in an actual
boycott at Cleveland, has met with
most success in the west. The east
has been slower to follow, influenced
perhaps by a widespread feeling
among small dealers, and in the la-
bor unions, that a universal boy-
cott, though effective as a protest,
would actually play into the hands
of the packers, who, with their con-
trol of cold storage houses and re-
frigerator lines, could carry their
product through a prolonged boycott
though a thirty-day cessation of
trade would put the small independ-
ents out of business.

Against public clamor, the pack-
ers reply that high prices for meats
are attributable to the high prices
of corn, and advocate that the poor
be educated to eat cheaper cuts.

"These cuts are just as good and
more wholesome if properly cooked,"
says Harold Swift, of Swift & Co.
"Prices are very high, but there is
every indication that they will go
higher."

Actual consumption of meat is re-
ported by retail dealers everywhere
to have dropped sharply.

OKLAHOMA DEATHS.

Guthrie, Ok., Jan. 23.—Col. C. R.
Buckner, aged 65 years, who served
in the Confederate army as captain
under Forrest's famous cavalry reg-
iment of Kentuckians, died here early
today, the result of a fall on the
ice three weeks ago. A native of Ken-
tucky, he practiced law after the war
in New Orleans, Fayetteville, Ark.,
San Antonio, Tex., and Guthrie. At
Fayetteville he married Miss Nannie
Walger, sister of United States Sen-
ator David Walker, who, with two
sons, survive him. Col. Buckner was
the sixth generation of lawyers in
that family. He was a nephew of Gen.
Simon Bolivar Buckner.

Oklahoma City, Ok., Jan. 23.—J. J.
Hickey, superintendent of construc-
tion for the Patterson-Hurst Rail-
way interests of Oklahoma City, was
killed by a street car on Capitol Hill
today when the car collided with an
automobile in which Hickey was riding.

Train Goes Into Ditch.

Lawton, Ok., Jan. 24.—The fast
Frisco merchandise train, "The Red
Ball," No. 435, went in the ditch by
having three cars and caboose thrown
from the track and badly smashed
near Odessa, four miles east of Snyder
Sunday.

The rear-end brakeman, Charlie M.
Martin, was caught in the midst of
the wreck and seriously injured by
having his face and head badly cut
entertained that his injuries may
and bruised in many places. Fear is
prove to be internal also.

MANAGER OF FITZ TELLS WHY
NEGRO WILL LOSE

Says the Black Lacks Wallop and
Cannot Hurt the Retired
Champion.

Chicago, Ill., Jan. 24.—Martin Ju-
lian, brother-in-law and former man-
ager of "Ruby Robert" Fitzsimmons,
who is now a retired business man
in Chicago, was finally induced to
discuss the coming battle between
Jeffries and Johnson, which he be-
lieves will be won by the white man.
When asked what he thought of
the coming championship bout, Ju-
lian said:
"Jeffries will win. I like Johnson.
He is a different man from what
many think him to be, but, you see,
I know just what kind of an old
bear cat this fellow Jeffries is, and
that is why I say what I do about
the result of the battle."

"Jeffries tells most people that he
will weigh about 225 pounds. Well,
then, he will be smaller than he ever
was when he fought Bob Fitzsimmons.
He goes twenty pounds more than
this. He is a mammoth in every way,
and that will play a lot in the re-
sult of the bout. If Jeff wins, and I
think that he will, the pictures of
the fight will be the most valuable
ever taken, and both men will be-
come rich as the result."

Few Can Come Back.

"Few men can come back. We
know that from the results of bouts
we see in the ring, but Jeffries will
be different from the rest of these
men. The left hand is the most use-
ful one the Californian has, but he
is the harder with his right paw,
and if he clouts Johnson with it he
will win right there, for I don't think
that he ever let it go with all his
might."

"By the way, when they talk of
men pluck and grit, don't overlook
Jeffries, for Bob punched himself
out hitting him, and we know that
Bob was one of the hardest hitters
in the world, and Jeff was almost
blind when Bob weakened and could
not defend himself and had to bow
to youth."

"Fitz will be 48 on his next birth-
day. I guess I am the only man in
the world who knows how old Bob is,
for he is peculiar about his age and
tells people he is much younger than
he really is. He was at his best when
he was 35, Bob is not broke, and
they won't have to give him any
benefits when he quits the stage,
where he is making good money.
But he is foolish to ever mar a
great record by fighting again, for
he is not near the wonderful man
he used to be when he was the
champion middleweight, light heavy-
weight and heavyweight. His battle
with Bill Lang proved that."

Cowboys As Protectors.

"When Fitz fought Corbett in Car-
son City, Nev., we had the quickest-
shooting cowboys in Texas to pro-
tect us, and this is about the first
time that has ever been told. You
can see them in the pictures of
the fight. They were sworn in by the
government of the state of Nevada,
and they wore their guns, and were
there to shoot if any one tried to
molest George Siler, who refereed
the fight. Siler had been threatened,
and when he told me I said I would
protect him, if he was honest, and I
did. It cost me a lot of money to
bring those men there, but it pre-

deal, and think to this day that un-
less the gamblers knew that I was
going to kill to get a square deal
they would have flooded the ring
when Jim Corbett was losing that
fight, for they backed him to the
limit."

John Jerome, the rival man, who
listened to the conversation, gave
some interesting views concerning
championship bouts.

I had Corbett playing with me
when he matched to meet Sullivan,
and Jerry Sullivan and I were about
the only two men in the town who
backed Corbett heavily to win. Then
I had Fitz when he was to fight Cor-
bett, and again I won many a fat
wager. Strange to say, Jeff was
playing in my shows when he was
matched with Corbett and I backed
him to beat Fitz and won. Now Jack
Johnson is playing with me, but I
don't know just yet who I will back
to win the big fight."

BALLINGER'S INVESTIGATION Special Committee Will Begin This Week.

Washington, Jan. 24.—This week
will probably see the beginning of
the work by the joint special com-
mittee which has been named to in-
vestigate the subjects grouped under
the title of "the Ballinger-Pinchot
conroversy."

For the moment, the affairs of
the Interior Department are before
two committees, for aside from the
main investigation there are the
charges of Representative Ives Hitchcock
of Nebraska, alleging reckless and im-
proper expenditures by the depart-
ment of which Secretary Ballinger
is the lead. These charges are be-
ing investigated by the House Com-
mittee on Expenditures for that de-
partment. The committee, which will
resume hearings tomorrow, will con-
sist of the following:

Senators—Knute Nelson of Minn-
esota, chairman; Frank P. Flint of
California, George Sutherland of
Utah, Elihu Root of New York, Thos.
H. Paynter of Kentucky; Duncan U.
Fletcher of Florida.
Representatives—Samuel W. McCall
of Massachusetts, M. E. Olmsted of
Pennsylvania, E. H. Madison of Kan-
sas, Edwin Denby of Michigan, Ollie
James of Kentucky, James M. Gra-
ham of Illinois.

IF NEGRO IS CONVICTED— Then There Will Be No Big Fight July 4.

New York, Jan. 24.—If Jack John-
son is convicted of assault on the
charge brought against him by his
one time friend, Norman Pinder, there
may be no battle for the world's
championship on July 4. Conviction
on a charge of felonious assault in
the second degree in this state car-
ries a penalty of not more than five
years' imprisonment.

If the case goes to the grand jury
and an indictment is found there
probably will be considerable delay
before trial.

JOHNSON IN COURT AGAIN

Negro's Lawyer Failed to Appear and
Case Is Adjourned.

New York, Jan. 24.—Jack Johnson,
the champion heavyweight pugilist,
was in court again today to answer
the charge of assault preferred by
Herman Pinder, a negro with whom
Johnson was in a mixup in a restau-
rant recently. Johnson's lawyer, how-
ever, was not ready to proceed, and
the case was adjourned until Mon-
day.

Philippines Suffer From Cold.

Honolulu, Jan. 24.—The steamer
Manchuria arrived today from the
orient, more than two days behind
schedule. The liner encountered cold
weather out of Yokohama and made
the run to this port over the south-
ern course, which added nearly 1,000
miles to the old distance.

The Manchuria brought 538 Phil-
ippines recruited in the Philippines by
an agent of the Hawaiian sugar
plantations. They suffered intensely
from cold.

Mahr Issues Denial.

Shawnee, Okla., Jan. 24.—J. C.
Mahr, state commissioner of health
today made a positive denial of the
report emanating from Guthrie, to
the effect that he had resigned or
was about to do so.

He stated that he had not even
considered resigning, and that the
report surely originated from hotel
lobby talk, he having been mentioned
for state chairman.

and that the material to be used in
the paving of the roadway of said
street shall be a two (2) inch Rock
Asphalt wearing surface with a five
(5) inch Portland Cement concrete
foundation, and that the necessary
grading to be done, and catch basins,
concrete curbing and guttering and
draining to be constructed therefor in
accordance with the plans and spec-
ifications prepared by city engineer,
and adopted by the Mayor and City
Council on the 12th day of January,
1910, and now on file in the office
of the City Clerk.

Each bid must be accompanied by
a certified check in the sum of five
(5 per cent) per cent of the amount
bid, to be forfeited to the City of
Ada, Oklahoma, in case the success-
ful bidder fails to enter into con-
tract and give the required bond with-
in the required time. Contractor will
be required to give bond in the sum
of thirty (30 per cent) per cent of
the contract price for the faithful
performance of said work, and the
holding of the city harmless from
any and all damages which might oc-
cur. The contractor will also be re-
quired to give bond in the sum of
ten (10 per cent) per cent of the con-
tract price for the keeping of the
paving in a state of good repair for
a period of not less than five (5)
years.

Marie Corelli gave to the literary
world in her novel of the Vendetta
one of the most powerful works of
fiction, and one that has the distinc-
tion of finding a place in the hearts
of all classes of people; it embraces
so very many points that are abso-
lutely true to life. The playbill dra-
matized therefrom has become even
more popular than the novel itself.
It comes to the Opera House for
one, night's performance only, on
Wednesday, January 26, with the
charming emotional leading lady Miss
Beatrice Harrington in the leading
role of Nina, supported by a strong
acting company. This little lady has
by her clever work won a place in
the front rank on the stage of the
present day. The scenic and electri-
cal effects are superb. This will be
one of the very best attractions to
be seen here this season.

ELZA KENDALL NO MORE.

Actor Dies in Indiana Sanitarium
From Apoplexy.

Cleeland, Jan. 23.—Elza Kendall,
the comedian, died of apoplexy today
in a sanitarium at Martinsville, Ind.
The first news of his death received
by friends outside the immediate fam-
ily, was when the body was brought
to Cleveland tonight.

Kendall closed his season in "The
Vinegar Buyer" at Seattle, three
weeks ago because of ill health. He
completed his twenty-ninth season
on the stage.

He was born in Allegheny county,
Pennsylvania, 49 years ago. At the
age of 20 he went on a barnstorming
tour. Later he made a success in
"We, Us & Company" at the Fifth
Avenue theater, New York. For years
he was a monologist of renown, but
for the last eleven seasons he has
used "The Vinegar Buyer" as his ve-
hicle.

He is survived by a wife and six
children.

DIRT CAVING IN AT OIL WELL—CASING IT

of Excursionists to the

The drillers, after drilling to a
depth of 1260 feet in the Ada Gas
and Oil company's well, find it im-
possible to bore further without cas-
ing the well.

The casing began this morning and
will be continued this afternoon. Dirt
has been tumbling into the well so
substantially that no headway can be
obtained with the drill. Work was
stopped for four hours last night on
this account, it being impossible to
reach the bottom. More mud has ac-
cumulated by the caving in of the
dirt as by the drilling.

Sight Seers a Plenty.
Yesterday being such a beautiful
day and the oil well being such an
attraction, crowds of people were in
the field all day, especially large
crowds in the afternoon.

The people went in automobiles,
buggies, carriages and they walk-
ed. They went early and they stayed
late. This was the first Ada oil
well they had seen but they appear-
ed to recognize it as the "real thing."
Many people have gone to the field
of activity every day since the dis-
covery of oil, but the crowd of Sun-
day far surpassed that of any past
day.

completely wrecked his machine and
endangered the lives of a score of
spectators. Walsh's machine, flying
low and unsteady, struck a fence.
Several spectators were injured by

sociated with Glenn H. Curtiss, made
several flights, despite the heavy
wind.

On one flight with a passenger he
came down with a bump which broke
two ribs of the machine. Hamilton
made a ten-mile cross-country flight
and ascended to a height of 500 feet.

DIES OF TUBERCULOSIS.

After Several Months Illness Mrs. Geo
Thomas Passes Away.

Mrs. George Thomas died Sunday
evening at seven o'clock of tuber-
culosis after suffering for several
months from the dread disease. Inter-
ment was at Rosedale cemetery at 3
p. m. today. Rev. O. E. Fowler, pas-
tor of the North Ada Baptist church,
conducted the service.

Baptist Church Note.

Sunday services at the North Ada
Baptist church was well attended
both morning and evening. Three ad-
ditions by letter. Our collection for
state missions amounted to \$38. Sun-
day school showed a liberal in-
crease. The B. Y. P. U. is doing
fine work. The Lord is leading us
on to greater things in his kingdom.

Miss Smith Entertains.

On Saturday evening Miss Treva
Smith at her home with her grandpa
Austin, entertained Misses Icy Dodds,
Blanche Rushing, Lena West and Ju-
lia Moss. Cake, fruit and music were
enjoyed by these belles of Ada until
a late hour.

North Ada Notes.

At the Baptist church Sunday
school attendance \$5. Fine preaching
service by Dr. O. E. Fowler, con-
cluding with four additions to church
membership. A fine evening service
and a crowded house. State Mission
collection taken resulting in \$44 col-
lection.

the home of Mr. Collins calling for
the busiest benefactor of North Ada,
Dr. O. E. Fowler to come instanter
and join in holy banns a couple from
Roff who were more interested in
hymeneal atmosphere than in the
ozone of the Rockies.

Mrs. G. T. Howerton is quite sick
and her presence in Sunday school
and church work is greatly missed.
Prof. Howerton is able to resume his
work in the normal.

Dr. D. Jones Austin has been con-
fined to the sick room for several
days, but is out this morning.

FIVE KILLED AND FIFTEEN INJURED IN DERAILMENT

BIG FOUR'S CHICAGO EXPRESS
LEAVES RAILS.

Jumps Track Near Cincinnati Satur-
day Morning While Speeding
50 Miles an Hour.

Cincinnati, Ohio, Jan. 24.—Five are
dead and fifteen injured as the re-
sult of the wrecking of the Big Four
express from Chicago, which left the
tracks two miles west of here Satur-
day morning while flying toward the
city at the rate of fifty miles an
hour.

The dead:
Frank Stadlander, conductor, New
Port, Ky.

C. W. Goldie, fireman, Indianapo-
lis.
John Stickle, Cincinnati.

Fred Murphy, engineer, Indianapo-
lis.

Michael Lewis, brakeman, Kansas
City, Kan.

Fifteen of the passengers were in-
jured, but none seriously. While
rounding a curve the big engine of
the flyer leaped from the tracks and
whirling in a great semi-circle plun-
ged through a coach of its own train.
By a marvelous chance not a passen-
ger was killed or seriously injured,
the fatalities being confined to the
train crew.

According to the Big Four officials
the accident was caused by a piece
of iron dropping on one of the tracks,
which derailed the engine.

New Aviation League.

Los Angeles, Cal., Jan. 23.—A na-
tional aviation circuit somewhat on the
order of the big baseball organiza-
tions, may be the result of a con-
ference to be held at St. Louis next
month between Cortlandt Field Blis-
hop, president of the Aero Club of
America, and representatives of sev-
eral large eastern cities, seeking the
coming international aerial events.

More flying machine exhibitions
will be sent into oblivion and actual
contests will take their places. Large
guarantees also will be things of the
past, if Mr. Bishop's plans material-
ize.

Bankrupt.

George C. Stotts, a hardware deal-
er of Allen, will file a petition of
bankruptcy in the federal court at
Muskogee today. His store has been
closed several days.

New Includes in Its Resolutions Only the Business District.

Durant, Ok., Jan. 23.—The Durant City Council has passed another resolution, calling for the paving of about fourteen blocks in the business section of the city, which will eliminate much of the opposition heretofore evinced against former paving resolutions passed by this council because of its being limited to the business section.

The council rescinded its action giving permission to the Normal Heights Company to grade Fifth and Sixth avenues leading to the Southeastern Normal school, under construction, because Contractor Sheffield, who has the contract for the grading, was using some negro labor on the work. It is the policy of Mayor Bowles and the council to give all work on the city streets to white people. Mayor Bowles has gained a state-wide reputation on his policy against negro labor on any public work when white labor can be obtained. This

is in accord with the views of a majority of the citizens, as Durant is and always has been a white man's town.

Married Today.

R. L. Capehart and Miss Hauke Myrtle James were united in marriage this afternoon at Mr. Capehart's home in this city. Rev. Stubbins officiated.

us Dessert Not Too Rich for the Younger Members of the Family.

Soak one pint of fine white bread crumbs in one quart of milk for 15 minutes. Beat together until light the yolks of five eggs and one-half pint of sugar, stir in a tablespoonful of softened butter, add just a suspicion of grated rind of lemon, two tablespoonfuls of lemon juice and a tablespoonful of vanilla. Add these to the milk and bread, mix and add one-half pint of coconut. Bake in the pudding dish until the custard is "set" in the middle. While this is baking beat the whites of five eggs to a stiff froth, add five tablespoonfuls of powdered sugar, beat until white and fine. When the pudding is done draw it from the oven, cover thickly with coconut, heap over the meringue, dust thickly with powdered sugar, put back in oven until brown. Serve gold.

Chicken Saute.

Clean and prepare a chicken; cut into pieces; cut a quarter of a pound of bacon in small pieces, put into a saucepan five minutes, add your chicken, turn now and then until brown; pour off the surplus grease, add a gill of white wine. Peel one dozen little onions, brown in a little olive oil; add to chicken a few minutes before serving; add a pinch of pepper, salt and nutmeg, six to twelve mushrooms cut into quarters; remove all floating grease. Serve.

Spanish sauce—Melt two ounces butter in a saucepan, add two ounces of flour; stir until colored a nice brown; mix flour and butter thoroughly, add a pint of stock, one and a half ounces of lean, raw ham, a carrot, an onion, a piece of celery, two cloves, a pinch of salt and pepper, and stir until it begins to boil. Remove saucepan to back of range, allow to simmer gently an hour; skim off grease and strain.

North Carolina Biscuit.

For North Carolina beaten biscuit make a thick dough of flour and milk, with a little shortening, and salt to taste. Then beat the paste vigorously for at least forty minutes. In the old days when there were hours in the day to spare cooks would work the dough for an hour or more. It should be so putty before it is left that it will blister when it is touched with the finger. Make it into little biscuits and bake. About a level tablespoonful of butter or lard will be needed for a quart of flour. There are implements in the shops for beating the dough.

Chicken Panada.

Pound well in a mortar the meat from the breast and wings of a chicken that has been boiled; mix it with an equal quantity of fine bread crumbs that have been soaked in milk; add a half-pint broth made from the bones of the chicken, put into a small saucepan and simmer for five minutes. Pass through a sieve and serve. This is delicate and nutritious, and is suitable for invalids with weak digestion.

Creamy Pork Chops.

One pound loin pork chops, one-half can tomatoes, four onions, red pepper, salt; fry chops till a golden brown, then pour over them the tomatoes, slice onions over them, season with pepper and salt. Simmer for an hour.

Fine Steak.

Any kind of steak can be used. Roll it in white flour, then in a beaten egg and then in bread or cracker crumbs. Fry it in hot lard, then salt it and put some pepper on. Then serve. It makes it tender and juicy.
